Sponsorship Opportunities

MID-MICHIGAN YOUTH SHARING THE ART OF DANCE

CBT is an independent, non-profit dance company for children from ages 8 to 18.

For over 38 years, we have sustained a youth-oriented, community-based ballet company with the highest possible dance, artistic and performance standards, while fostering a greater appreciation of ballet as an art form.

The company is best known for its annual performance of the Nutcracker often held at the MSU Wharton Center. Our spring show features classic ballets such as Sleeping Beauty and Cinderella, and we host a summer touring company that performs at various festivals and other venues.

GIVING BACK IN THE COMMUNITY

We have a long-standing partnership with the Children's Miracle Network providing performance opportunities to current and former patients.

Every production includes a specific show targeting school and other community groups who may not have the opportunity to enjoy the performing arts.

CBT Dancers and their families regularly volunteer in the community at soup kitchens, food pantries, local libraries, and more. We seek opportunities to partner with other non-profits helping children like Ele's Place.

CBT provides needs-based scholarships to assist dancers and ensure every child has the opportunity to perform.

HELP US CONTINUE TO MAKE A DIFFERENCE

Sponsors are critical to help us ensure that we provide a quality dance education for youth as well as an arts and cultural experience for members of our community.

Levels of support vary and include free tickets to our shows, ads in our programs and on social media as well as the opportunity to underwrite tickets for the Community Show.
